Notice of Format Change for Combined Notices; Filing Via the Internet

The purpose of this notice is to announce that the Commission will use a new format for Combined Notices (CNF) coming in early August 2021. The format will change to include a single table for each section of the combined notice for electric filings and two tables for the combined notice for natural gas filings, one for filings initiating proceedings and one for filings in existing proceedings, as shown in the examples below. This allows alignments which improve the readability of the document.

Beginning in August, the links displayed in these combined notices will include the following:

[Project No. 2997-000]

South Sutter Water District; Notice of Authorization for Continued Project Operation

On July 1, 2019, South Sutter Water District, licensee for the Camp Far West

Hydroelectric Project No.2997, filed an Application for a Subsequent License pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. The Camp Far West Hydroelectric Project is located on the Bear River in Yuba, Nevada, and Placer Counties, California.

The license for Project No. 2997 was issued for a period ending June 30, 2021. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee(s) under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2997 is issued to the South Sutter Water District, for a period effective July 1, 2021 through June 30, 2022 or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before June 30, 2022, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that South Sutter Water District is authorized to continue operation of the Camp Far West Hydroelectric Project, until such time as the Commission acts on its application for a subsequent license.
